

F480

182 built-in stitches, including 10 buttonhole styles

Choose from numerous stitches built-in the machine, giving you unlimited creativity. Also includes 10 button holes.

Lettering styles (sewing)

Includes 5 lettering styles.

Combine stitches

Combine up to 70 stitch patterns and save them to memory.

Stitch reference guide

Choose the required stitch from this useful chart inside the top cover.

My Custom Stitch

Design your own stitch patterns or edit and change the built-in template designs and save for future use.

Multi-directional sewing

Innov-is F480 offers sewing in four directions.

LCD screen 3.7"

All sewing information displayed on a clear, backlit screen. The Innov-is F480 is equipped with a coloured touchscreen display.

Advanced needle threading system

Effortlessly thread the needle by simply lowering the lever.

Bobbin winding system

Fast and simple threading make winding bobbins quick and easy.

Drop-in bobbin

Just drop-in a bobbin and you're ready to sew.

Automatic thread cutter

Automatically cut upper and lower threads.

Lock stitch button

At the touch of a button, tie-off stitches can be easily sewn at the beginning and end of the stitch.

Slide speed control

Adjust the sewing speed from slow to fast. This can also be used to adjust the stitch width while sewing.

SFDS: Square Feed Drive System

Square Feed Drive System gives you smooth, even feeding action for superior stitch quality on any weight of fabric.

Adjustable presser foot pressure

Helps you stitch pucker-free seams on even the most stretchy of fabrics.

Adjustable thread tension

Achieve the best possible stitch quality across different fabrics by adjusting the tension of the upper thread. Innov-is F480 provides automatic control.

Thread sensor

The Innov-is F480 is equipped with upper and lower thread sensors that warn when thread is broken or has run out.

Free arm

Ideal for sewing tubular items like sleeves, trouser legs, etc.

Knee lift

Free up your hands by using your knee to lift the presser foot.

Large embroidery area (180 x 130 mm)

The embroidery machines have a large embroidery area so you can express your creative ideas and make even bigger and more intricate designs.

138 built-in embroidery designs

Choose from a wide variety of florals, animals, geometrics, seasonal designs and much more. With our built-in designs, you can start embroidering right away.

11 built-in font styles (embroidery)

Easily personalise your sewing and embroidery projects by choosing from 11 built-in font styles, available in 3 sizes.

Patterned frame shapes

Put the finishing touch to your embroidery with an elegant frame. Choose from 10 frame shapes and 14 stitch types for an overall total of 140 different patterns available. Combine with lettering to create unique and stylish monograms.

Editing embroidery patterns

Easily adjust the size, rotation or mirror embroidery patterns with the touch of a button.

Combine embroidery patterns

This function also enables embroidery patterns to be combined or lettering to be added to a design.

Text editing functions

Add multiple lines of text and align it to the left, centre or right. Text rotation and font selection are also available from one single editing panel.

USB port

Connect a USB device such as a USB flash drive or a card reader/writer and load your embroidery design directly to the machine.
