

General Features

Advanced needle threading system

No more stress when threading. Follow the thread guide, and use the needle threader lever with one finger.

3.7" colour LCD touch screen

Manage all the functions with a simple touch of the easy-to-read, 3.7" LCD high resolution display (432 x 240 pixels). Includes icons and 15 languages.

Super bright LED Light

A bright, but gentle-on-the-eye light, makes it easier to work on dark fabrics.

Convenient controls

For ease of use, all operating buttons are on one convenient panel - thread cutter, needle position up/down, Start/Stop function.

Bobbin winding system

Quick and easy way to wind lower thread! Just load the bobbin on the winder and the thread guide will show you which way to go.

Quick-set bobbin

Just drop in a full bobbin and you're ready to go.

Thread sensor

The Innov-is M380D is equipped with upper and lower thread sensors that warn when thread is broken or has run out.

Embroidery Features

200 Built-in embroidery designs, including 65 Disney designs

Stitch excitement into every piece of embroidery on the Innov-is M380D with 200 built-in designs, of which 65 are Disney.

11 Embroidery fonts

Add a personal touch with 11 built-in embroidery fonts. From monograms to feel good slogans, it's time to express yourself!

100 x 100 mm Embroidery area

Just set the embroidery unit and frame, select the pattern and you're ready to embroider. Additional frames are also available separately.

Wireless LAN connectivity

Reach for the sky and take your crafting even further. With wireless connectivity you can transfer additional designs using Design Database Transfer (for Windows devices only), or connect to Artspira, our new creative hub. Here you will find free designs and projects, or even draw your own custom designs.

USB port

Just insert a USB flash drive and load your embroidery design directly to the machine.

Combine embroidery patterns

Several designs can be showed at same time by pressing "Add" button.

Built-in embroidery frame patterns

14 stitch types can be combined with 10 different frame shapes such as a circle or a square.

Editing on the screen

Powerful editing features include the layout, pattern rotation in 1°, 10° & 90°, mirror imaging and scaling between 90 - 120%.

Compatible with other manufacturers' thread

In addition to the Brother thread chart, the Innov-is M380D recognizes threads from three other manufacturers.

Sewing Features

7 Point feed

Provides a smooth feeding action and superior stitch quality on any weight of fabric.

Free arm sewing

Remove the accessories storage compartment for free arm sewing. Sew small continuous items like armholes, cuffs etc with ease.

Convenient controls

For ease of use, all operating buttons are on one convenient panel - thread cutter, needle position up/down, Start/Stop function.

4 lettering styles (sewing)

Add different lettering styles for labels and monogramming projects.

Automatic thread cutter

Cuts upper and lower thread automatically with the touch of a button.

181 Sewing stitches

Choose from 181 stitches built into the machine, giving you unlimited creativity. Also includes 10 one-step buttonhole styles.

My Custom Stitch™

Design your own stitch patterns or edit and change the built-in template designs and save for future use.

Drop feed lever

Easy-to-switch lever to drop feed dogs for free motion embroidery and quilting.

Slide speed

Adjusts speed from slow to fast. This can also be set to alter stitch width whilst sewing for zig-zag stitches.

Needle stop position

Select whether the needle should be up or down when the machine stops. Useful for turning fabric, sewing corners or joining quilt pieces.

Hard case

Carefully protects the machine when not in use.

Automatic reverse/ reinforcement stitch

The machine automatically sews reverse/reinforcement stitches at the beginning and end of sewing.

Mirror function

For more stitch variety use this function to create a mirror image of your stitch pattern.

Repeated single sewing

Choose whether the stitch pattern will be sewn once or repeatedly.

Combining stitches

Create your own stitch patterns by combining different stitches.

Snap-on presser feet

Quickly and easily change presser feet.
