Innov-is NV1800Q

LCD screen

Clear LCD screen showing stitch details and settings.

Built-in stitches

With 232 built-in stitches at your disposal, you'll bring plain fabrics to life.

Touch sensor keypad with direct stitch selection

Simply enter the number of the required stitch you would like to use.

Pivot function

The pivot system allows you to turn items ready to sew in another direction – great for quilters.

ICAPS - Continuous Automatic Pressure System

The ICAPS fabric sensor system continuously detects fabric thickness while sewing and automatically adjusts pressure to ensure even stitch quality over different fabric thicknesses.

Slide speed

Slide speed control adjusts speed from slow to fast. This can also be set to alter stitch width whilst sewing.

Advanced needle threading system

Simply follow the thread guide, lower the lever and the needle is threaded for you.

LED lighting

Extra-bright LED lighting to illuminate your work area with a clean, natural light.

SFDS (Square Feed Drive System)

Gives a smooth even feeding action for superior stitch quality on any weight of fabric.

Knee lift

Free up your hands using the knee lift to raise/lower the presser foot. Ideal for large projects such as quilts.

My Custom Stitch

Design your own stitch patterns or edit and change the built-in template designs and save for future use.

Presser foot up/down button

The presser foot up/down button is conveniently located on the front of the machine.

Lock stitch button

At the touch of a button, tie-off stitches can be easily sewn at the beginning and end of the stitch. When pressing the button while sewing a decorative stitch, the machine will stop automatically after completing the motif.

Fully automatic thread tension

Automatically adjusts thread tension to best suit the fabric being sewn.

Side feed

Side feed for multi-directional sewing in four directions with straight and zigzag stitches. Sews extra-large decorative stitches up to 40 mm wide.

Customised settings

allows you to adjust the stitch width, length, and thread tension to your personal preference and save these to memory for future use.

Optional extras

- Multi-function foot controller: Choose from four functions: Thread cutter, Sewing one stitch, Reverse stitch, Needle up/down
